**WE DO MORE THAN DESIGN
AND BUILD INTERIORS.**

WE CREATE EXPERIENCES.

Elkay Interior Systems (EIS) is a global interior design and manufacturing company, offering an array of design, build, and installation services to the restaurant, retail, education, and hospitality markets. For over 40 years, we've been leveraging insights gained from working with global brands.

EIS's extensive capabilities, creativity, and dedicated support allow us to bring our clients' visions to life. We cultivate environments that are dynamic and profitable, designing experiences your customers will remember.

WHO WE ARE

We are thinkers, designers, artists, and builders crafting extraordinary environments.

We create spaces that enhance your brand and elevate the customer experience.

**Simplify
the complicated.**

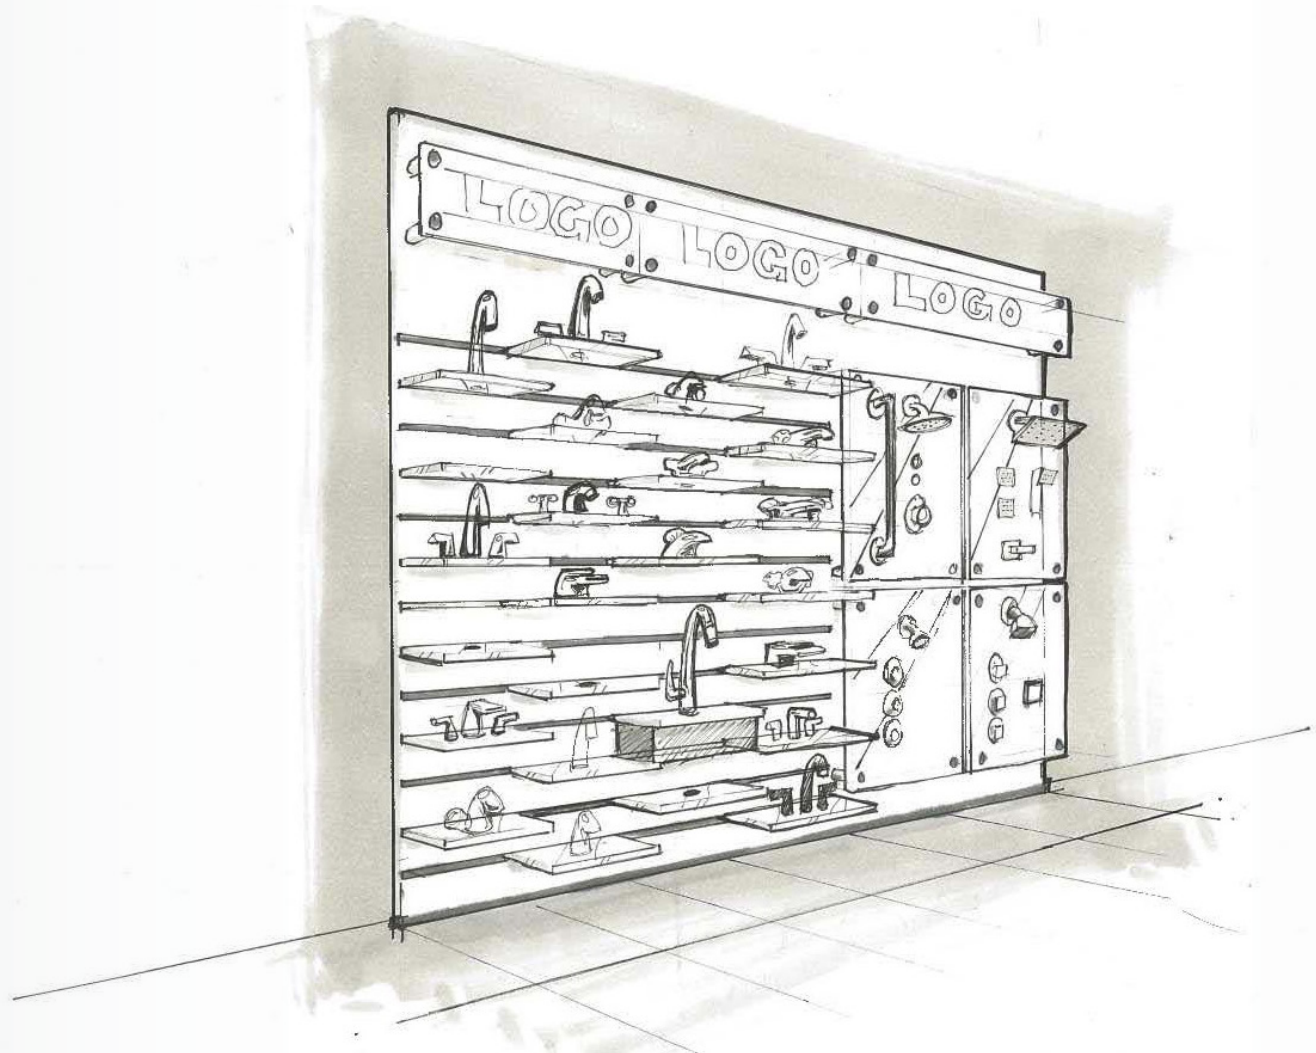

THE NEXT-GENERATION OF DESIGN
EIS utilizes our creative expertise to develop forward thinking and innovative concepts that promote safety and enhance the brand.

MENU OF SERVICES

EIS can enter a project at any stage and deliver an experience specific to each client's unique needs.

Whether you require integrating your brand's approved design into your existing space or a completely new concept created, built, or sourced, EIS has the expertise and experience to create an environment to fit your needs.

From custom fixtures, displays, kiosks, or front service counters to large scale rollouts, our team will transform your ideas into reality.

**WE CREATE ATMOSPHERES THAT
ENHANCE YOUR BRAND AND ELEVATE
YOUR CUSTOMER'S EXPERIENCE.**

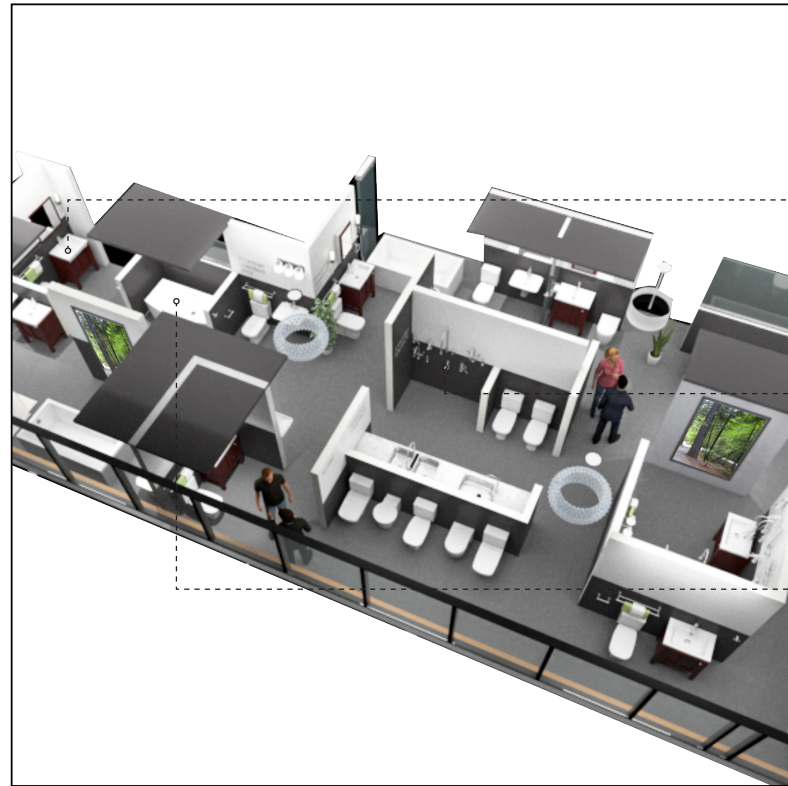

**WITH PASSION, INNOVATION,
AND EXPERTISE.**

BUILD YOUR BRAND

We build brands that 'wow' your customers.

Your brand is the way your customers experience your unique offering. Our branding services can start from the very beginning with name development, logo design, and color palette creation of a new restaurant concept, or we can assist in analyzing and refreshing your existing brand.

EIS consults with you to develop a design based on your goals, vision, and budget.

FERGUSON SHOWROOM

EIS collaborated with the Ferguson to create a space that presents a sophisticated, serene atmosphere, integrating their plumbing fixtures in a refreshing and timeless manner. EIS designed, manufactured, and installed the fixture displays and graphics.

PARTNERING WITH EIS

Our clients enjoy a total solution for their front of house interiors and back of house commercial kitchen needs.

FURNITURE + DECOR

As a division of Elkay Manufacturing, our quality and craftsmanship are unmatched in the industry.

We are a global manufacturer and supplier with insight into the market worldwide while implementing best practices and adhering to local specifications.

Our extensive experience with large global brands has allowed us to develop strong partnerships with high-end suppliers. We save you time and money by leveraging our global supply chain.

We specialize in material processing capabilities for:

- Acrylic
- Upholstery
- Plastic Laminate
- Wood Veneer
- Solid Wood
- Quartz and Natural Stone
- Glass
- Miscellaneous Metals
- Graphics Printing
- Stainless Steel

We are the preferred designer and supplier for some of the world's largest brands.

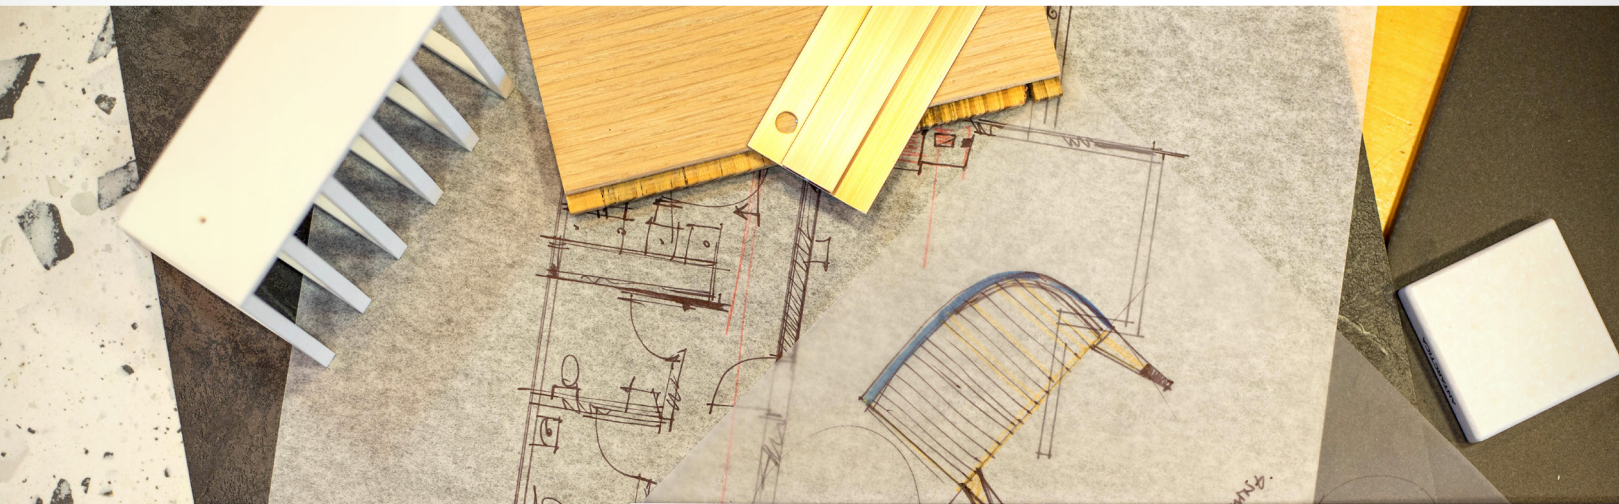

SINGLE SOURCE

We reduce the design development gap to deliver scalable solutions fast.

From initial design through manufacturing and installation, EIS is a single source for your interior needs. We have the talent and the tools to guide projects from prototype to polished. Partnering with us enables you to feel assured in the process of bringing your vision to life.

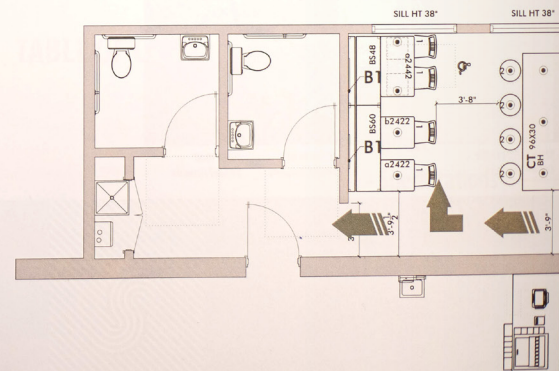

We make doing business easy.

LAYOUT OPTION 2

NOTES

Same footprint with different layout tailoring to group seating and more soft seating.

SALON BRAND LAUNCHES NATIONALLY

PROSE was utilizing a local millwork shop to manufacture their salon elements but needed a more profitable and scalable solution to manufacture and install elements of their brand's intricate design specifications.

Through a referral, PROSE learned of EIS and their 40 years of experience offering consistent program management, rollouts, and nationwide installation network.

Project Scope:

- Engineering
- New Product Development
- Design
- Space Planning
- Manufacturing
- Sourcing
- Installation

"EIS design takes a wholistic approach when creating spaces, ensuring we are meeting the customer expectations with the know-how and deep understanding of market needs and desires. When it comes to the customer experience, we stay relevant and push the envelope. We provide spaces to showcase each brand's personality."

Nikki Ojer
Creative Director
Elkay Interior Systems

PROSE®

THE RESULT

The impact of including EIS into the design conversation provided PROSE the continued ability to open new stores while maintaining a consistent brand with its nationwide rollouts. The experience that ElKay Interior Systems brought to the PROSE team was also valuable in helping to create a re-designed product prototype that exceeds their quality expectations.

This solution is right for franchisees looking to expand their current footprint nationally and with the desire for consistent branding with prototypical package rollouts.

"PROSE has been architected at the intersection of health and beauty. Through thoughtfully chosen supporters, we've been able to deliver an environment and experience this is improving our industry."
