ABOUT EIS HOSPITALITY

At ElKay Interior Systems (EIS), we exist to inspire human connections by creating dynamic environments through our global design + build capabilities. Our hospitality division is the premier millwork and casegoods authority in the hospitality industry, devoted to serving our long-standing partners through a customized experience that meets each hotel property's unique needs.

Our group of industry professionals is comprised of engineers, pre-construction and project managers, and our dedicated sales team. Each member brings diverse skill sets from their experience in the hotel industry to provide unmatched service to our clients. You can expect easy-to-read documents, scope consolidation, turnkey services, and a consultative, proactive approach to project management.

Whether you're embarking on a brand refresh, interior renovation, or new build, we're here to be your invested partner that meets your every need. We specialize in simplifying the process through our multilayered understanding of product development and building contract products for the hospitality industry.

Partner with EIS Hospitality to design, engineer, manufacture, and install your property's millwork and casegoods.

As a division of Elkay Interior Systems, trusted for over 40 years, our exceptional quality and craftsmanship are unmatched. EIS has built commercial products since 1979 and developed a successful manufacturing infrastructure that's proficient in delivering products you can rely on to stand the test of time in commercial settings.

We excel at customizing every stage of each project to meet your distinct needs. Our reputation precedes us; we have delivered

hundreds of projects for leading hospitality brands nationwide who entrust us with their interior needs and creating unique experiences for their valued guests.

Let EIS Hospitality be your domestic solution for custom millwork and casegoods. We're the go-to hospitality experts in brand standards, high-end products, and customizable solutions.

OUR GLOBAL PARTNERS

We understand our partners' goals and pride ourselves in going the extra mile to help achieve the outcomes they desire.

We specialize in public space and guest room millwork and casegoods, customizing the experience to meet your hotel property's unique needs.

Partnering with EIS, you can expect a single point of contact, easy-to-read documents, scope consolidation, and turnkey services. We have the knowledge and dedicated resources to serve your hotel brand consistently.

WORK EXAMPLES

Aloft Element - Tampa, FL

THE AXIS HOTEL

Moline, IL

PROJECT TYPE

Upscale Renovation, Adaptive Reuse

SCOPE

Public Space Millwork, Front Reception Desk, Column Wraps, Custom Trim and Wall Panels, Hotel Bar, Guest Room Mini Bars and Valences

SERVICES PROVIDED

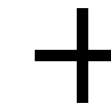

Pre-Construction Consultation, Millwork Engineering Services, Project Management, Field Dimensioning, Manufacturing, Installation

MATERIALS USED

Solid Wood, Wood Veneer, Quartz Countertops, Various Metals

The ornate details of this historic 1920s property, which sits on the National Register of Historic Places, were preserved during the complete rebuild. Now part of Hilton's Tapestry Collection, EIS worked with our partners to execute custom public space and guest room millwork for this boutique hotel, including decorative marquetry in the lobby bar and metal inlay in the building's columns to complement its original charm.

THE RITZ-CARLTON AMELIA ISLAND

Fernandina Beach, FL

PROJECT TYPE
Luxury, Renovation

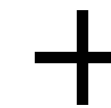

SCOPE
Guest Room Millwork, Junior and Presidential Suites

SERVICES PROVIDED
Pre-Construction Consultation, Millwork Engineering Services, Value Engineering, Project Management, Field Dimensioning, Manufacturing, Installation Guide Documentation Services

MATERIALS USED
Painted Wood, Metal and Acrylic Hardware

In honor of its 30th anniversary, this 5-star, oceanfront property underwent a dramatic, coastal-themed renovation. Partnered with Digney York Associates, EIS engineered and built custom millwork for the guest room closets, completing the project on an aggressive schedule.
